### General Conference Well Under Way; Splendid Spirit Evident

When the call was issued for the gathering of the General Conference for Christian Workers in Northfield July 30 to August 15th it was in fulfillment of the desire of Mr. Dwight L. Moody that "Northfield may become a center for Bible instruction, where lectures and classes are held nearly every day in the year" and this effort was and has been ever since considered an essential phase of the work to be conducted and maintained by those who have succeeded the great evangelist in his work. Religion and education go hand in hand in the development of civilization in both young and old. In continuing the work this year, his son, Mr. William R. Moody has well stated its necessity at this time in the call which was issued: "we would seek to re-examine the foundations of Christian faith with a view to strengthening our convictions, awakening our sense of personal responsibility for service, and seeking the best means of bringing the knowledge of the Gospel of our crucified, resurrected, and ever-living Christ to this age, and urging His supreme claims upon the lives of men."

### South Church Notes

An ideal summer day a most genial hospitable hostess, beautiful grounds, and all was set for one of the best meetings of the year for the women of the Unitarian Church Alliance, last Thursday at the home of Mrs. J. V. McNeil. All the members who could possibly get there, were present, enjoyed together the loveliness of the setting, the visiting, the sumptuous dinner, furnished by all, the discussion and planning for more effective work, and the inspiration for new achievements. So successful for two years has been the experiment of holding these mid-summer all-day meetings, that it was voted unanimously to continue the plan.

"The Ways and Means Committee" of the Alliance in laying out its plan of work for the new year, beginning in September, has decided to hold a get together supper and happy social evening for every person in Northfield who will come, whether connected with the church or not—each third Friday evening of the month for 6 months beginning September 23. On this evening a Progressive Supper will be served at 6:30 o'clock details of which will be given later.

The Junior Alliance were guests of Mrs. Doris Chamberlain Bolton last Tuesday in her home at Ashuelot for a meeting, and for a picnic dinner around a secluded lake nearby. The girls had a fine day together.

### Given Farewell

Mrs. H. H. Atkinson of Glenwood Ave. was given a farewell dinner by members of her Sunday School class of the Congregational Church last Monday evening and afterward attended the Conference meeting together. ### Republican Tea Party Shelburne Falls

If you intend to fulfill your civic responsibilities, and vote intelligently at the primaries on September twentieth, then you need to know something of the four candidates for the Republican nomination for governor, and the two for lieutenant governor. The Greenfield District Women's Republican Club has invited these six men to make short addresses at the tea to be given at the Sweetheart Tea House at Shelburne Falls on Thursday, August 18th, from 2:30 to 5 p.m. This is your opportunity to see and hear these candidates and form your own opinion about their suitability for these positions of leadership.

It is said that the Republicans lost the election in this state in 1930, because at the primaries, some men of lesser ability were nominated owing to the small primary vote as a result of the indifference of the intelligent mass of voters. This year, as never before, it is the duty of every voter to do his part.

### "Green Pastures" Virginia Camp Sale

The sale at Green Pastures last Saturday afternoon for the benefit of Virginia Camp brought in \$96.00 a number of contributions being included. The management desires heartily to thank the friends who donated cut flowers and other articles. A group of 42 children from New York City are guests of the camp at present. The New York Tribune pays their railroad expenses, but food and other local expenses have to be raised by the ladies' committee, amounting to upward of a thousand dollars for the season. Last year's deficit of \$500.00 has been wiped out by special efforts.

Several screens of pine trees and other scenery have been set up in order to provide entrances and exits for the players. The following group of gentlemen will assist in the play on this occasion by impersonating a group of monks who pass across the stage in the procession of the Black Cross, chanting De Profundis: Glanville Davies, E. J. Livingstone, W. Stanley Cane, George McEwan, Robert H. Wilder, Ralph Blake, A. P. Fitt, and two from Camp Arden.

God has not promised skies always blue,  
Flower-strewn pathways all our lives through;  
God has not promised sun without rain,  
Joy without sorrow, peace without pain.  
But God has promised strength for the day,  
Rest for the laborer, light on the way,  
Grace for the trial, help from above,  
Unfailing sympathy, undying love.  
ANON.

The Boy Scouts have an expansion program. It is not a five-year plan, but a 10-year plan. President Hoover hopes there will be 10,000,000 Scouts added to the 1,000,000 already enrolled. That is hardly to be expected, but the Scouts themselves hope to gain so many recruits that "one out of every four new male citizens will be a four-year Scout-trained man." It is an admirable aim. The country needs Scouts more than it needs soldiers and cannot have too many of them. Any grownup who sniffs at Scoutdom and thinks it is merely boyish nonsense should pick up a Scout manual some day and read it for an hour. — Vermont Phoenix.

When the voters go to the polls on November 8, they will find an innovation of their ballots say the Springfield Republican. The long lists of nominees for presidential electors will be missing. The legislature at its last session, following Pennsylvania's example, provided by statute that the ballot shall carry only the names of the nominees of the various parties for president and vice-president, and for them, apparently, the citizen will vote. Yet the presidential electors (already named) of the winning ticket will be certified by the governor in due season after the election. It took many years to get this simple little change, yet things do move.—Berkshire Courier.

America's foremost humorist, Will Rogers, handed the editors of weekly publications in small towns, a little praise in one of his broadsides issued last week which pleases us very much in these days when criticism is more prevalent. He said: "They (the editors) are not conceited enough to think they could public opinion they just go along serving their community with the most indispensable article that it has by Mr. Rogers. Their real power is greater than all your metropolitan dailies combined. Any person that don't read at least one well written country newspaper is not truly informed."

### APPRECIATION

Since the successful results of Hospital Day for the Franklin County Hospital have been reported to the Board of Organized Work, letters have been received from the president and treasurer of that Board giving thanks for the generous assistance rendered by Northfield.

The following is a letter of August third addressed to the chairman of the local Board. "It so happens that I have been out of town for the past two weeks on a vacation, and on my return read the newspaper account of the affair which the ladies of Northfield conducted for the benefit of the Hospital.

May I congratulate you and all the other Northfield women who assisted in the success of your cause. Activities of this sort are a benefit to the Hospital, not only because of the money and supplies realized, but they also go a long way towards stimulating community interest.

Sincerely yours,  
F. Raymond Andrews  
President Franklin County Public Hospital.

### A WALK IN THE COUNTRY

Have you ever taken a walk  
On an early summer morn?  
Not when the sun is up,  
But just at the break of dawn,  
When the morning in all its glory  
Flashes the eastern sky,  
And the night clouds, dark and heavy,  
Are noiselessly rolled by.

If you have ever taken such a walk,  
Then I think you'll agree with me,  
That dear mother Nature's waking hours  
Are a beautiful sight to see.  
The flower cups slowly opening,  
Sparkling with gems of dew,  
The blushing clouds reflected  
In the river's shining blue.

Yet some people go to the city,  
To see and hear great things,  
And think that they find rare food  
For that  
In the noise and tumult of things.  
Those who prefer the city life  
Are certainly welcome to stay,  
But in the still, cool country,  
I'll pass my summer days.  
Deems Hildreth Wheeler.  
Winchester, N. H.

### NATURE'S BALM

I laid me down 'neath a shady tree  
Away where none but God did  
The zephyrs whispering soft and low  
The joyous murmur of a brook-  
let's flow,  
The song-birds in the tree above—  
Their songs of sympathy and love—  
The busy bees from flower to flower,  
Faithfully laboring from hour to hour;  
On bending boughs of myriad trees,  
The lulling tones of a cricket's song—  
Its ceaseless singing the whole day long—  
A gorgeous tinted butterfly,  
Like a silent fairy flitting by  
Cast a magic spell o'er my weary heart.  
And lead me off from the world apart,  
Beyond the sunshine and ethereal deep  
To a beautiful land, called,  
Sleep.

O, sleep, thou blessed, restful balm,  
Restorer of life and infinite calm!  
When our journey's on earth are o'er,  
Bear our souls to the open door,  
Where, Israel's Shepherd standeth by,  
Folding His sheep as they draw nigh.  
Martha Esther Merrill  
East Northfield

This poem was written at Rustic Ridge, East Northfield, while the author was a summer resident there in 1908, but all of nature's balms to induce quiet rest — despite the years which have intervened — are just the same there today as they were at that time.

## SAYS WILL ROGERS:

We have a great bunch out here prowling around. It's the National Editorial association, composed of editors in smaller towns and weekly publications. They are just eating their way around the country, having a good time, and getting a lot of pleasure out of it. And giving every one that meets 'em a close-up of just about as representative a gang of Americans as would be possible to band together — intelligent, well read, and no national advertising controls their pages.

They are not conceited enough to think they "mold public opinion." They just go along and service their community with the most indispensable article that it has. And yet their real power is greater than all your metropolitan dailies combined. Any person that don't read at least one well-written country newspaper is not truly informed.

Yours,  
WILL ROGERS.

## WHERE ECLIPSE WILL BE VIEWED

## Will You See It? Eclipse August 31st Total In New England

The eclipse of the sun on Wednesday, August 31st beginning at two o'clock in the afternoon will be visible only through a section of New England although it may be witnessed partially throughout the country.

Those who have the opportunity of witnessing the phenomenon in its totality will see something they never will forget," said Capt. Julius P. Hellweg, superintendent of the naval observatory.

Thousands will come into New England from all over the world to observe and study the eclipse and Northfield's residents will be favored with the opportunity of witnessing it. The nearest point to see its totality will be Concord N. H. although it will be only slightly partial here in Northfield. In Boston, for instance, the eclipse will be 99 per cent total. In New York it will be 95 per cent, in Philadelphia, 92 per cent, in Washington, 89 per cent and in Chicago 79 per cent. On the Pacific coast, however, it will be but 15 per cent total.

Shortly after 2 o'clock the shadow of the moon will touch the earth in the Arctic ocean, north of Northern Siberia. Traveling at a speed of 2000 miles per hour, it will move to the northward, passing within a few hundred miles of the North Pole.

From that point it will travel southward and across the Province of Quebec. After crossing the international border, it will pass over Northeastern Vermont, across New Hampshire and Southwestern Maine.

Leaving the coast in the vicinity of Cape Porpoise, it will touch Cape Cod and Northeastern Massachusetts as far as Salem. Quitting the United States, the shadow will cross the ocean, again turning to the North and leave the earth shortly after 4 o'clock.

Thus, within a period of two hours the shadow will have traveled some 4000 miles.

"FAST COMPANIONS"

Edmund Lowe works and battles with Victor McLaglen for the

fourth time in "Guilty as Hell," a screen adaptation of the successful murder farce which enjoyed a long run on Broadway last season.

The film opens with a murder being committed. The audience learns who is guilty of the crime, but the policeman and the reporter bungle their way through many amusing incidents before they finally get the real murderer.

Arlen is cast as one of the suspects, surrounded by a mass of circumstantial evidence, convicted for the crime, and saved from death by hanging only at the last moment.

THURSDAY — THROUGH SATURDAY  
August 18-19-20

Joan Blondell in "MISS PINKERTON"

It brings to full-fledged stardom Joan Blondell, one of the screen's most fascinating young actresses.

It brings to the screen the latest and most sensational literary effort of Mary Roberts Rinehart, one of America's really great women writers.

It brings for the fans another First National production, which means fine story telling, fine settings, fine direction, fine action, and a superb cast of actors and actresses.

Miss Blondell, through a long succession of important and leading roles, has shown such amazing development in her character interpretation and screen artistry that her talent has been recognized by critics and public alike as that of stellar rank.

Her sparkling beauty and personality, together with her brilliant interpretations, have caught the fancy of the motion picture public so that her popularity is now flaming hot.

The scenes are laid in and about New York City and the title is given to the nurse because she is so clever on deductions in following the slayer while working as a nurse in the household.

The story is woven about a clever nurse who is called by the police shooting to death of her nephew. It is not known whether the death is to take care of an elderly woman who is prostrated by the sudden accident, suicide or murder; and there is a matter of \$100,000 insurance involved. Miss Pinkerton sees things in the house that finally lead to the unravelling of the mystery.

"TARZAN THE APE MAN"

Johnny Weissmuller — Maureen O'Sullivan — Neil Hamilton

Also Metro News and Zasu Pitts and Thelma Todd  
in a Comedy entitled "STRICTLY UNRELIABLE"

"Tarzan, the Ape Man," Edgar Rice Burroughs' widely-read African adventure novel, has been brought to the screen under the direction of W. S. Van Dyke of "Trader Horn" fame.

Because the hero of this story is a white man who has been brought up in the jungle and lives like the apes in the tree-tops, making his way by swinging through them from limb to limb, difficulty was encountered in finding someone of sufficient athletic prowess to fill the exacting role.

The problem was solved when Johnny Weissmuller, world's champion swimmer and one of the finest examples of masculine physique, was cast as Tarzan. Neil Hamilton and C. Aubrey Smith, as leaders of an English safari seeking ivory wealth, Maureen O'Sullivan as Smith's daughter, Doris Lloyd, Forrester Harvey and Ivory Williams fill the remaining principal roles.

Jungle thrills outdoing even those of the sensational "Trader Horn" are promised in the daring trek of the safari through the wilds of Africa in search of the curious "Elephant's Burial Ground" in the course of which the adventurers meet with terrifying obstacles. The wits of the white man are matched against those of beasts and savage pygmies with the primitive winning out in the end, while screen romance of a new order is entailed in the curious love affair of the Ape Man and English girl.

What are reported to be some of the film's most hair-raising episodes include an attack of lions by night upon the safari camp; the crossing of a river filled with hippopotami; a fight between Tarzan and a bull-ape; the rescue of a trapped elephant and the subsequent efforts of the grateful beast to aid his rescuers.

THURSDAY — AUGUST 18, 1932

BARBARA STANWYCK, in "SO BIG"

Also Pathe News, "Absent Minded Abner," Comedy, and  
S. S. Van Dine's Detective Story in brief "Side Show Mystery"

Warner has remade Edna Ferber's "So Big" for the talking screen with Barbara Stanwyck in the virile part of a typical American mother whose simple life epic is the backbone of America's greatness.

It was generally agreed that Warner has given it a fine production in cast, photography, background and direction. The Ferber classic should not disappoint those who enjoyed the silent version, comment indicated.

Plot is not the important thing in "So Big." It is characterization, the revelation of plain folk doing the things they do, saying and thinking the things they think, striving always toward a goal of useful citizenship. It revolves around a mother who struggles to make a farm pay, and whose greatest problem is a son who, dissatisfied with farm life, wants to become a "big business man" in the city. It goes back to the days when farm life was drudgery, but brings it up to the day of the tractor, the radio, the automobile, paved highways and so many other conveniences which have radically altered rural life.

Barbara Stanwyck's portrayal of the mother was considered generally convincing and sympathetic from the first episodes where she is

a bride to the later ones wherein she has reached middle life and security. William Wellman has carried the episodic story along with a smoothness and sincere virility which sustained interest even when action was slow.

### Lake Pleasant

Although Sunday was interspersed with several showers, excellent audiences were present at all three services to hear Rev. Frederick A. Wiggins, Pastor of Unity Church of Boston.

Dr. Wiggins' discourses in the forenoon and afternoon held the close attention of his hearers and the message work which followed, and also was given at the evening message service won universal commendations of approval.

Tuesday evening Mrs. Josephine M. Simon of Hartford held a message service with satisfactory results.

The coming of Rev. Maude F. Torrey who will occupy the Temple platform Thursday evening, Friday afternoon and next Sunday afternoon and evening is anticipated by an host of admirers of Mrs. Torrey's eloquence and of her psychic gifts.

It has been quite a few years since Mrs. Torrey served this camp. So far this season, the attendance at the meetings has been greater than in 1931 and far better than expected, considering the general conditions prevailing throughout the country.

Over the week-end the Inn was filled to capacity and rooms had to be obtained at cottages for some of the guests.

The attendance at the evening dances on Saturdays, while good, has not been nearly as large as in former seasons, but expenses have been met and those attending have thoroughly enjoyed the good music, excellent floor and gentlemanly crowds.

The financial reports of the camp meeting association, at the end of the fiscal year, July 1st, 1932, showed no indebtedness of any kind, all the properties in a splendid condition, and a balance of \$1617.85 in the treasury.

### Political Comment

#### Back To Hoover

Betting odds are quoted as favorable to a Republican victory in November as against rumors of a Democratic landslide a few months ago. The return to Hoover seems to be gaining momentum every day. While Governor Roosevelt's spectacular flight to Chicago and his yawl excursion seemed to prove him physically fit, President Hoover's attention to the Nation's business has been evidence of a superior fitness, both physical and mental.

Reports indicate that the man who thought the country's great need was a man in the White House, who could smile and show his teeth, has indulged in the serious afterthought that it might be better to have someone there capable of conducting the nation's affairs through what remains of a serious economic depression. There is ground for the statement that Democrats by the thousand who would have voted for Owen D. Young or Newton D. Baker do not feel that Roosevelt measures up to presidential requirements. They don't want a man who would rattle around in the President's chair.

Moreover, a good many who might not hesitate to vote for Roosevelt would think twice before voting for Garner, particularly after his record of extravagance and incompetency in the last session of Congress, and after his subsequent partizan explosives to his home constituency. Texas may accept his own estimate of his ability to "handle Hoover," but the country prefers a man who can handle himself, first. That sort of braying at the moon at midnight merely disturbs our dreams of a return to prosperity.—Springfield Union

#### Garner the Issue

It is an odd and embarrassing situation, in which the tail of the kite of the Democratic ticket becomes more important and influential than the head. Speaker Garner has made himself the issue. His proposals, his combative with President Hoover, and his dynamic personality have completely overshadowed the colorless figure at the head of the ticket. The Democratic party has committed itself to Garner and Garner's policies, and will win or lose on them. Democrats in the East view the Garner campaign with consternation. They do not know him, and do not like him or his political associates. Al Smith, who fought Governor Roosevelt so bitterly, now discovers that he wasted his time. He should have been fighting Garner, who now takes command of the party.

Governor Roosevelt is rapidly drifting into an intolerable position. Is he the real leader of Democracy? The Democratic New York Times does not think so, as it remarks that "this year Mr. Garner is a central figure in the campaign," and adds, "Lately the issue has been personified as between the President and the Speaker." Yet Governor Roosevelt must either set aside Mr. Garner and his pork barrel campaign, or submit to the Garner leadership on the pork barrel issue. How is the governor to squelch the Speaker without a first-class party row? How can Mr. Garner be made to understand that he is expected to play second fiddle only? If Governor Roosevelt should decide that he will endeavor to be leader in fact as well as in name, has he the force to make his will effective against and fire and aggressive personality that now dominates the party.

Governor Roosevelt has never occupied the National stage. His ideas of government in the Federal sense seem to be as vague as his knowledge. In this respect he is handicapped in any effort he may make to overshadow Speaker Garner, who with all his astounding notions of pork-barrel prosperity is acknowledged to be familiar with the affairs of the government. When Governor Roosevelt speaks of administering the government his words have a hollow and unreal sound, like mutterings in a dream; but when Jack Garner speaks, his voice cuts like the mid night cry of a Texas coyote. No one can mistake his meaning. He

wants pork, pork for the masses and if the masses will support him he will move on the Treasury. It will be difficult indeed, for Governor Roosevelt to stifle this cry from the cactus belt. When Jack Garner speaks for the masses, can Governor Roosevelt tell him to be silent?—Washington Post

## Played Great Game Fans Much Enthusiased Although Northfield Lost

Northfield lost one of the most interesting ball games of the season last Friday night to the North Levere Town Team. The score was 3-2.

There was no score by either side until the eighth inning, when North Levere was able to push one tally across. In the ninth, two bases on balls and a hit were converted into two more scores by the visitors. Northfield came to bat in the last half of the ninth with the score 3-0 against them. John Kersavage, the first batter, drew a base on balls, then Williams hit a two bagger scoring Kersavage. A play was made to try and nail "Johnny" at the plate but was unsuccessful. Williams tried to take third on the play at home, but was ruled out by Umpire Dalton in a close play. Bistrek the next batter, found one of Webber's pitches for a long three base hit but was caught out "flatfooted" when he tried to stretch it into a homer. Urganiewicz came to bat next and connected for a beautiful home run into deep left field. Polhemus tried to duplicate it but Smith, the visitors' left fielder, camped under it for the final out.

A case on balls, a two bagger, a triple and a home run in that order, on which only two runs scored, is not a very good exhibition of "heady" baseball.

Both Bistrek and Webber turned in good performances on the mound by striking out seven men each. Nine hits were collected of Webber pitching while North Levere pitched for only four off the delivery of Bistrek.

## Northfield Loses To Warwick

By playing "heads up" baseball and being able to hit in the pinches," the Warwick baseball team scored the Northfield boys by the score of 11-5 last Monday night at the Hotel grounds.

"Don" Davidson, the visiting pitcher, proved that he was the master of the situation throughout the entire contest.

The local team, although only four men went down by the strike-out route, could not seem to hit the ball except to the place where one of the opponents was ready and waiting for it.

Taber Polhemus found one of Davidson's pitches for a four bagger in the eighth inning, with one man on the base. This hit was the only extra base hit by the locals except one two bagger by Kersavage.

Paul Urganiewicz, the Northfield pitcher, struck out 12 of the men who faced him but in spite of that, he found himself in hot water nearly every inning.

The local boys claim that it will be an entirely different story when they journey to Warwick next Wednesday, August 17, to play a return game on that day. It is Warwick's Annual Old Home Day, and Northfield will try and give them something to remember it by in the way of a good baseball game.

## Plenty Auto Accidents About The Town During Past Week

Last Friday two automobiles came together on the highway near the bridge and Congregational Church, both cars being owned and driven by out of town parties. Each had their cars badly damaged so that they had to be repaired at local garages. It is said that the cause was due to one of the drivers not keeping to the proper side of the road and the cars engaged in passing.

An automobile driven by Charles Thackeray of Shelburne Falls was in collision with a car driven by Dr. N. P. Freeman of Greenfield last Saturday night on the Hermon-West Northfield Road. Though both cars were damaged they were driven off under their own power. Constable Haskell appeared in the Greenfield District Court on Monday against Thackeray on a charge of drunkenness and his case was continued for a week when it is probable a supplementary complaint will be made for operating a motor vehicle while under the influence of intoxicating liquors.

An automobile driven by Mr. Philip Mann about to make Allen Hill cantored across the road near the Davis place and knocked down one of the concrete posts on the left side of the highway on last Saturday evening.

Last Saturday near the Auditorium Everett Danforth on a motorcycle crashed into an automobile unavoidably while the car was making a turn. Everett was thrown with slight bruises and the motorcycle was damaged. The car driven by an out of town visitor was only damaged slightly.

An automobile on Sunday last tried to make a turn on Winchester Road and backed with much force into a tree badly smashing the extra wheel and gasoline tank. The car was owned by an out of town visitor.

Coming out of the Seminary grounds near the residence of Mr. W. R. Moody a small car driven by a Conference visitor last Friday crashed into a car moving along the main highway badly damaging both cars. The responsibility was adjusted by the owners of both cars which were repaired here.

## Northfield Defeats Charlemont

The Northfield A. A. baseball team buried Charlemont last Wednesday by the score of 10-0.

Rain tried hard to interfere with proceedings but as both teams were ready, a game was played. A very small attendance witnessed the game.

Shearer, the Northfield pitcher, had everything his own way from start to finish and not an opponent reached third base. All but one of the local boys collected a hit from the two pitchers who worked on the mound for the visitors.

This team, reported to be one of the fastest in this section could do nothing with Shearer's curves. Fine support was accorded the pitcher by all the fielders.

This team recently held the Greenfield Mohawks to an 8-8 tie. This just goes to show that scores do not always tell the true story about the strength of a team.

The summary follows:—

## Old Home Day At Warwick 17th

Plans are assuming final shape for Warwick's celebration of "Old Home Day" on Wednesday, August 17th when the inhabitants will celebrate and the native son and daughter will return to greet each other in the ancestral town.

In the morning there will be a baseball game and other sports for younger people. There will also be sports in the afternoon with prizes. Basket lunch will be at noon with free coffee. At 2 o'clock literary and musical exercises will be held in the church with Herbert C. Parsons of Boston as principal speaker. A male quartet from Winchester, N. H., will furnish music.

A ball game between the Warwick and Winchester teams will be played on the school ground at 3:15 and the Harmonica band will give a concert which will be followed by a reunion ball.

## Candidate Holmes Suffers Operation

Mr. Charles H. Holmes of Erving who is a candidate for the office of County Commissioner and who visited many friends in Northfield last week became ill suddenly and was taken to the Franklin County hospital, Monday night and immediately operated on by Dr. John E. Moran for appendicitis. It is reported that he is making a good recovery.

## Good Baseball Promised For Fans

Tonight (Friday) the Northfield A. A. will cross bats with the Goodrich Oil Co. Team of Greenfield. This team held the locals to a 5-5 tie in a previous game here a few weeks ago.

Monday, August 15, the strong Millers Falls combination will be on hand to see what they can do with the offering of the local team. This team is composed of real fast ball players some of whom have played here in years gone by. A hard fought ball game is anticipated.

Next Wednesday afternoon the Northfield team will go to Warwick to be the guests of that team on the occasion of their annual Old Home Day Celebration. The local boys will try and avenge themselves for a defeat handed them by the Warwick contingent last Monday night. A large crowd is always on hand to witness this game and it is hoped that a goodly number from here will be in attendance. The game will start at 3:15 p.m.

Friday, August 19, Winchester, N. H., will play here. This game was rained out once earlier in the season. A fast, snappy team will come down and a real ball game is expected.

## Winchester Baseball

The Winchester Baseball Club has apparently hit its winning stride of former years, in taking into camp two such strong opponents as Milton Bradley of Springfield and the New England Collegiate Clowns in the last two weeks while losing earlier in the season three games to much weaker opponents. One of their few setbacks was suffered at the hands of the Brockton City Club 2-0 next Sunday's opponent. The New Hampshire team is going after this game with a vengeance to atone for the previous defeat at the hands of this powerful aggregation.

In their previous encounter the Winchester boys were continually threatening to score and at one time had three men on bases with nobody out only to have the next batter hit into a double play. It promises to be one of the most colorful games of the season. The Brockton Club has on its roster, Stanley Bergeron and Irving Bergeron both of whom are playing with Orleans in the Cape Cod league. Wedge at short stop playing with Falmouth in the same league, Lefty Crowell and Allan Sylvester who have been working out each morning with the Red Sox at Fenway Park. Sylvester pitched the earlier game win over Winchester and was very impressive in his performance here. Smith at second and Robinson in right field both heavy hitters play regularly with Brockton in the South Shore League.

This team has also taken the New England Clowns into camp as well as Pittsburg "Hoboes," Philadelphia Colored Giants and first half champions of the South Shore league. So Winchester knows the calibre of their opponents only too well, yet are confident that they can turn the tables on these stars next Sunday August 14th at Anderson Field.

The Winchester Baseball Club suffered defeat at the hands of Florence Stove team of Gardner Sunday 6-5. The game was held by rain a half hour and then the field was slippery. Long good baseball almost impossible.

The Gardner team scored 2 runs in the first inning on a two-base hit by Lashua a base on balls and two costly errors due principally to the slippery field. The Winchester team came back in the second to get one run on a base on balls, a fielder's choice and a nice two bagger by Lane. In the third inning Winchester gathered three more runs to take the lead on hits by "Bill" Davis and Hanna an error by Chabot and a long fly by Rollins. Three hits in the fifth including a double by Linell together with an error gave Gardner a two run lead which they held to the finish of the game although Winchester threatened to tie it up in the ninth when Lane walked. Davis getting his third hit of the day and Bent bringing Lane home when he was thrown out at first. Hanna then fouled out to the catcher with Davis on third with the tying run.

It was a good game to watch with the verdict in doubt until the last man was retired. "Bill" Davis pitched well enough to win striking out six and getting three hits himself to lead his team with the willow, but his supporting cast was not quite as good as in some of the previous encounters.

Marriages and Divorces  
In United States

According to the returns received by the Bureau of Census, there were 1,060,095 marriages performed in the United States during the year 1931, as compared with 1,128,572 in 1930—a decrease of 8.4 per cent. The divorce rate was 68,477 or 6.1 per cent. There was a decrease of 8.4 per cent from 1929 to 1930, according to the same report.

For the year 1931 there were 183,695 divorces granted in the United States. During 1930 there were 191,591—a decrease of 7,896 or 4.1 per cent, as against a decrease of 4.9 per cent from 1929 to 1930. The marriages annulled in 1931 were 4,338, as compared with 4,370 in 1930.

The population of continental United States on July 1, 1931, was estimated at 124,970,000, and on July 1, 1930, 123,191,000. Based on these estimates the number of marriages per 1,000 of the population was 8.5 per cent in 1931, as against 9.2 per cent in 1930. On the same basis the number of divorces per 1,000 of population was 1.49 in 1931, as against 1.56 in 1930.

For the United States as a whole, there were 5.8 marriages for each divorce reported as against 5.9 in 1930. The District of Columbia and New York State each has but one cause for absolute divorce. They reported 24.7 and 22.4 marriages, respectively, for each divorce. The rates in the other states ranged from 12.6 marriages to each divorce in Louisiana to 1.5 to each divorce in Nevada.

The Census Bureau has received many requests for this information. The preliminary reports, according to states and groups of states, have been released in mimeographed form.

## Quite A Record

Nearly one out of every three new automobiles bought in the first six months of this year was a Chevrolet Six, according to registration figures for the period, which are now complete.

Latest State reports show that Chevrolet titled 215,811 new sixes in this period, while the industry as a whole was titling 655,764 new cars, giving the largest division of General Motors 32.9 per cent of the total.

This compares with 31 per cent in the same period of 1931; with 24 per cent in the first half of 1930, and with only 20 per cent in the boom year of 1929 up to midyear.

Ten years ago, when the company was getting its start in the volume car field, it obtained less than ten per cent of total business. During the first half of 1932 Chevrolet sold and titled more cars than the next five other makes of lowest priced cars combined, the returns indicate: Chevrolet's total comparing with combined registrations of 212,115 units for the other five makes in the lowest priced field.

In its present position, it is the world's largest builder of automobiles, having obtained a higher percentage of total business so far this year than at any time in the past, even during the three of the past five full years, when Chevrolet built and sold more cars than any other manufacturer. Paul Jordan is the Northfield sales agent.

Child Labor  
In Tobacco Fields

A joint invitation to shade tobacco growers will be issued in the fall by the Connecticut commissioner of labor and the Massachusetts commissioner of labor and industries to attend a conference at Hartford, Conn. on the elimination of child labor in the tobacco fields.

The decision to call such a conference was reached at a meeting of representatives of shade tobacco growers in Massachusetts and Connecticut and officials of the Massachusetts child labor committee, the Consumers' leagues of Massachusetts and Connecticut, Massachusetts State college: Edwin S. Smith, Massachusetts commissioner of labor and industries, and Walter J. Couper, deputy commissioner of labor of Connecticut, held recently.

Representatives of the tobacco growers, and persons interested in the question from a social point of view, will attend the meeting at Hartford this fall to discuss some form of action by the two states to bring about a satisfactory solution of the much debated question of child labor in the tobacco fields.

Herbert C. Parsons, secretary of the Massachusetts child labor committee, was chairman of the meeting. He read a letter from William Phillips, chairman of the Massachusetts emergency committee on unemployment, urging the tobacco growers to employ heads of families to help reduce the burden of unemployment. The growers' representatives expressed sympathy with this program, but explained that only few heads of families have applied for jobs. They stated that they are, however, employing only a very few children under 14.

Besides Mr. Parsons, Commissioner Smith and Deputy Commissioner Couper, those attending the meeting were: John W. Gallant of Southwick, representing Hathaway & Heane; M. E. Potter of Southwick, representing the American Sumatra company; Homer Stickels of Chicopee Falls, representing Silverman & Kahor; A. J. Woodworth of Thompsonville, representing the Consolidated Cigar corporation; Miss Margaret Wiseman, executive secretary of the Consumers' league of Massachusetts; James W. Ford of Amherst, J. Paul Williams of North Amherst, Prof. and Mrs. Harold U. E. V. Mitchell and Miss Edith D. Monson, both of the Consumers' league of Connecticut.

The following county towns have asked additional flour: Greenfield, Bernardston, Fitchburg, Deerfield, Conway, Orange, Rowe, Wendell, Shutesbury, Heath, Northfield, Leyden, Erving, Gill and Montague. Other county towns are also being queried as to whether they can use more of the government flour. Delivery is expected by September 1.

Another Candidate  
For Commissioner

Mr. Henry D. Wright of Rowe has entered the field for County Commissioner and papers for the Republican nomination have been circulated in the County.

Mr. Wright is well known in the western section of the county and has held many public offices. During 1912, 1913 and 1914, he served his district as representative in the legislature and was a highly popular member of that body.

Mr. Wright has engaged in agriculture for many years and has one of the best farms in the north-west section of the county.

Big Prizes Sought  
In Canning Contest

Old Man Depression is being chased out of every town, village and hamlet by thrifty women who are filling glass jars with fruits, vegetables, jellies, jams and pickles for next winter's use.

They say that every clod has a silver lining, but this particular depression cloud has a gold lining for over two thousand lucky women, who are doing home canning and sending samples of their wares to the International Canning Contest at Aurora, Ill.

To arouse greater interest in the thrift movement to conserve all available food supplies, Ball Brothers of Muncie, Indiana, are offering more than \$5000.00 in cash and prizes to the winners in this contest. Anyone is eligible to enter. There are prizes for everything that can possibly be put into glass jars for future use. There are prizes for canned chicken, fruit, vegetables, jellies, jams, and yes! even pickled eggs. There are two wonderful scholarships for 4-H Club Girls—one a \$300.00 Scholarship, the other a \$100.00.

In addition to cash prizes there are worth while merchandise prizes such as a complete outfit of clothing, over-night bags and electrical appliances.

This is the "canningest" year in history. Thousands of women and girls, many of them who have never canned anything before, are now taking advantage of the plentiful supply of fresh foods at reasonable prices, and the low price of sugar, and are canning, canning, canning. Perhaps some long past ancestral hunch is reminding them that this winter may be a hard one, and they'd better be about the business of laying in a goodly supply of foods. Anyway, everything from soup to dessert is being canned. This is very evident from the jars that are being received now at Aurora.

"This Contest" says Grace Vail Gray, Secretary, "is held for many reasons. Of course the first purpose is to find the best canners in the U. S. and foreign countries. The Contest is to the women what the International Live Stock Show has been for years to the man. He has put his cattle up in competition against other men's cattle, so now the woman has a similar opportunity. She is pitting up the work of her hands against other homemakers. There is a friendly competition but it is a very strenuous competition too."

Everyone who enters the Contest of course wants to be declared "The Grand Champion Canner of 1932" by 24 outstanding judges, and thus receive the cash and glory that goes with this honor.

The great interest is centered on the county prizes—the trophy which is \$500.00 in cash and a trophy. This goes to the County sending in the largest number of entries.

Through the Contest we try to teach the value of thrift by conserving home canned products, and after the Contest is over, the jars are distributed to charity. So we feel the Contest is all worth while, since it encourages more home canning, it offers friendly competition in this fine household art, it awards over \$5000.00 in cash and prizes to successful ones and it finally feeds the sick, the blind, and the aged.

There is no entry fee and no red tape to enter this contest. Each contestant receives one free Perfect Mason Jar together with necessary entry material.

Full details of the Contest may be secured from the offices of County Extension Agents, Home Demonstration Agents, State Club Leaders, or by writing direct to the Log Cabin, Aurora, Illinois.

Ministers' Conference  
At Deering Successful

The two day ministers' Conference at Deering, N. H., has been a success in every way—in interest shown and attendance. Dr. Frederick W. Norwood, the famous pastor of the City Temple, London, England, who is spending the summer in America conducted the sessions last Monday and Tuesday and gave three addresses.

Three great religious leaders had a place on the conference program. Dr. Carl Wallace Petty, pastor of the First Baptist church in Pittsburgh, Pa., Dr. Albert W. Beaven, president of the Colgate-Rochester Divinity school, Harry N. Holmes, field secretary of the World Alliance for Friendship Among the Churches.

The addresses were followed by a forum for questions and answers. It is likely that this New England Conference will be held again next year.

## Warwick

Two places on Flower Hill, owned by Arthur Barber, the other the De Gast place, have been sold recently to New York parties.

Mr. and Mrs. W. S. Brown are comfortably situated in their new home.

S. A. Houghton is visiting his granddaughter in Norwich, Conn. for a few weeks.

The general store of E. A. Lyman in Warwick was broken into during Tuesday night of last week and more or less merchandise taken, the nature of which indicated that the thieves were boys or young men. Entrance was made through a window in the front of the building. This was the fourth break at the store within a comparatively short period time—each instance the break appeared to have been made by boys. The state police are working on the case.

Dr. and Mrs. P. W. Goldsberry spent Monday in Holyoke.

Edwin French of Windsor, Conn. was at E. H. Chatterton's the first of the week.
